

EXHIBITOR REGISTRATION FORM MKTE 2016 (12-14TH OCTOBER) KENYATTA INTERNATIONAL CONVENTION CENTRE (KICC)

STANDARD BOOTH DETAILS

Octanorm Shell Scheme Booths will be provided with the space except where an exhibitor is building a custom stand
The specifications will be as follows:

- 3 m x 3 m Octanorm aluminum structure with a Height of 2.5m
- White board infill wall panels
- Track spot lights (2 nos.)
- Power socket (1 no.)
- A table (1 no.)
- Black exhibition/conference chairs (2 nos.)
- Waste basket (1 no.)
- Fascia name vinyl cut on white board

CUSTOM BUILT STANDS & DECORATIONS

- All standard booths will be equipped as detailed above. Any additional decoration, branding and accessorizing will be done by the exhibitors at their own cost and arrangement.
- Shell scheme structure & furniture will be provided for all exhibitors unless an exhibitor requests for space only. Only stands above 18 square meters will be sold as space only. Exhibitors with standard booths can however add to or replace the furniture supplied at their own cost.
- Branding by exhibitors should be within their allocated space only. No branding material and furniture items are allowed on the isles.
- Custom built stands are optional and the respective exhibitors are required to prepare the designs and submit for approval by 10th August 2016. The exhibitor shall meet the full costs of their custom built stands. Going for a space only option will not attract any discounts on the space rental costs indicated.
