Dear Mr. ULUSOY,

I was deeply pained to note the devastation caused by the earthquake that rocked eastern Turkey on Sunday, resulting in serious human and material loss.

The television footage showed the wide spread misery inflicted by Turkey's strongest Earthquake in years. Our hearts reach out to all those affected.

On behalf of my family and The Zubair Corporation, I hereby offer my deep condolences to the people of Turkey, and more particularly the families of the victims.

I am sure that the country will face upto the challenge with strength and resilience, to overcome this setback.

With sincere prayers,

Khalid M. Al Zubair  
Managing Director.
